CAMBRIA COUNTY BANK HELD UP BY 5 BANDITS TODAY

Bakerton, Pa., Is Visited
by Men Armed With
Shot Guns; Lock Cash-
ier and Clerks in Vault.

THEY GET BUT \$2000

Johnstown, Pa., Nov. 2.—Five bandits, armed with shotguns, today held up the First National Bank of Bakerton, thirty miles from here and escaped with \$2,000. The cashier and his assistants were locked in a vault. Albert Taylor, an employee of a coal company was shot in the left arm in giving chase.

Ottawa, Kan., Nov. 2.—Four bandits held up the First National Bank here today and escaped with \$2,500 in cash.

The robbers compelled ten employees of the bank to lie on the floor while they scooped up all the silver and currency in sight.

Two School Teachers Are Killed When Auto Is Struck At Crossing

Steubenville, Ohio, Nov. 2.—Two school teachers enroute here to attend the Eastern Ohio Teachers' Conference were killed today when struck by a fast train on the Pittsburgh and Cleveland division of the Pennsylvania Railroad at Toronto.

The dead are: Olive Irvin, aged 22 of Richmond and Elizabeth Bernard, aged 35 of Fremont. Owing to a heavy fog the young women did not see the approaching passenger train.

WADLEIGH RESIGNS IMPORTANT POST UNDER MR. HOOVER

Washington, D. C. Nov. 2.—Francis E. Wadleigh, of Munsey, Pennsylvania, Chief of the Coal Division of the Department of Commerce, and former fuel distributor, today tendered his resignation to Secretary of Commerce Hoover.

Announcing his resignation, the Department of Commerce stated it was due to Wadleigh's "necessity to return to private commercial life."

FOUND VICTIMS OF THE DEARBORN MASSACRE

Chicago, Nov. 2. (United Press).—Skeletons of two Indians were uncovered here by workmen digging on the spot of the historic Fort Dearborn massacre.

When the excavators were about ten feet below the surface a workman shovel struck one of the skeletons, which was first thought to be bones of some animal.

M. G. Chandler, member of the Chicago Historical Society, was called and asked the remains were of Indians, because of the prominent bones above the cheeks and eyes, characteristic of the red man.

"The skeletons looked to have been buried for about a century," Chandler said.

That the two Indians were killed during the Fort Dearborn massacre is the opinion of Chandler.

FIRST HUNTING ACCIDENT

Paul McClure, a student at Clearfield High School, who resides with his parents at the corner of West Locust and Weaver streets, was the first hunting accident victim reported in this section. Paul was one of a local party hunting rabbits at Grampian yesterday. He tripped on a wire and fell, ramming the muzzle of his gun into the mud. The gun was also discharged in the fall, blowing off the end of the barrel. A fragment of the barrel struck the young man on the head above the knee, making an ugly wound and tearing the leaders of his rifle.

He is confined to his home with a very sore leg.

Mr. F. W. Weaver is spending some time in New York with her brother.

AMERICA WILL INSIST THAT FRANCE COMES INTO BIG CONFERENCE THE SAME AS OTHERS

Washington, D. C. Nov. 2.—The United States has made plain to France that it will withdraw from the proposed investigation of Germany's capacity to pay reparations if the scope of the conference is restricted in advance by Premier Poincare, it was learned today.

A communication was made to the French Government by Secretary of State Hughes through the French Charge d'affaires in Washington, it was understood.

SHOPMEN FILE BILL IN EQUITY AGAINST PENNSYLVANIA R.R.

Philadelphia, Pa., Nov. 2.—A bill in equity against the Pennsylvania Railroad, asking for an injunction to end the Company's refusal to comply with regulations established by the Railroad Labor Board, was filed in the United States District Court here today by David Wallerstein, Counsel for 60,000 striking shopmen.

The shopmen also seek to recover \$15,000,000 damages to make up for underpayment in wages, which they allege resulted from the Railroad's defiance of the rates set up by the Labor Board.

Claim Former Crown Prince Has Crossed Border Into Silesia

Berlin, Nov. 2.—The former Crown Prince of Germany has arrived at his castle in Oels, Silesia, the Deutscher Zeitung said today.

The paper based its information on "private news."

Blame Treaty for Gas Price In Berlin

By CARL D. GROAT
(United Press Staff Correspondent.)

Berlin. (By Mail to United Press).—Angry patrons of the Berlin municipal gasworks have lodged so many complaints of "blackmail, extortion and profiteering" against the institution that the state attorney is now considering an action against the company.

The complaints arise from the fact that the gas works, demanding a price vastly above American figures, adds insult to injury by demanding at the time of reading the then current price, instead of taking the price prevalent when the gas was used.

The gas works' maintains that with coal far over the world market price of twenty-two gold marks a ton, and with an exorbitant mark, they must take into consideration the devaluation occurring between the time of consumption and payment.

In any event, gas for an ordinary household now costs anywhere from \$10 to \$20 a month—a figure which most Berlin families are utterly unable to meet.

Berlin residents, now unable to heat a little water for bathing, are sorer at the gasworks than at the Versailles treaty, if such a thing is possible in German psychology.

Incidentally, the Versailles treaty gets part of the blame for the gas price.

JOHNSON-KYLER

Thursday evening, Nov. 1, at 6:30 o'clock Mr. John Johnson and Miss Ruth Kyler were united in the bonds of matrimony in the West Side M. E. parsonage by the pastor, William L. Armstrong. The ring ceremony of the church was used.

Mr. Johnson is a resident of Ebensburg, Pa. Miss Kyler's home has been in Shawville. They will make their home in Ebensburg, where Mr. Johnson is employed. The congratulations and well wishes of their many friends are extended.

Wins Award

This year's Nobel prize has been conferred on Dr. F. G. Banting of the medical department of the University of Toronto, for his gift to humanity through the discovery of insulin, an edifying and successful treatment for diabetes.

HAYNES CALLS IN ALL PERMITS BEING HELD BY THE DEALERS IN DEHORNED ALCOHOL

Philadelphia, Pa., Nov. 2.—Prohibition Commissioner Haynes has called in permits of denatured alcohol manufacturers and dealers in eastern Pennsylvania to check up what disposition has been made of the material and to cut off the flow of denatured alcohol that seeps into the hands of bootleggers for re-distillation, it was learned at Prohibition Headquarters here today.

The action of Commissioner Haynes follows closely Governor Pinchot's tilt with Secretary of the Treasury Mellon over federal prohibition enforcement.

Pinchot charged in a letter to Mellon that Pennsylvania was being flooded with liquor made from re-distilled denatured alcohol.

READY FOR LOCK HAVEN

The Clearfield High gridders finished their training for Lock Haven Saturday, with a short scrimmage to polish off all rough spots on certain parts of the C. H. S. football machine. The varsity using line plays exclusively and ran roughshod over the junior varsity and scored 7 touchdowns. The scrimmage was preceded by a long signal practice in which the "smashing attack" was dwelt upon entirely. The local school will send sixteen grid warriors headed by Capt. Irvine, who hopes to send the Lock Haven riders to their second defeat of the season. The rest of the squad who expect to journey to Lock Haven and assist Capt. Barr, are: Wilson, Mitchell, Morris, Dale, Mann, Thurston, Rafferty, Lambert, R. McGuire, Johnny Kowles, Withers, Davis, Johnston and Hughes. They will leave here Friday afternoon and return some time Sunday making the trip by rail. The local squad will enter the game against a much heavier team yet the determination to win can be found in every C. H. S. griddier and Coach Reed expressed much satisfaction over the results of Thursday's practice.

A FINE OUTING

Misses Mary and Wava Kyler, of Kylerstown, Mr. Pearl Leathers and son Billy and Miss Mildred Reiter, of Kylerstown, spent a delightful week end at Pine Tree Plantation Camp on Sprout Reserve, Centre County. An oyster supper Saturday night was followed with delight after the long ride from Kylerstown. The next day a long hike through the woods was followed by a delicious chicken dinner and all that goes with it. Other members of the party were Miss Lulu Watson, Ralph Watson, Mr. and Mrs. Harris Watson and family, Mrs. George Withers and son Therman, all of Snow Shoe and Mr. Jacob Conner of Coalport. Sunday evening a happy crowd left for their respective homes leaving Mr. Conner alone with enough dainties to last a week.

Mr. and Mrs. Rowland Kurtz of Atlantic City spent a few days this week with relatives in Clearfield.

SOME MORE NEWS ON THE CAMPAIGN ENDING TUESDAY

Some day we will realize that the job of County Controller is one of the biggest offices to be filled. We probably look at it today as a great deal more important than we thought it was a couple of years ago. At present we hear more about the office of County Commissioner but that is because so many are hungry for the office.

In the primary campaign, owing to the contest on the judgeship, there was no contest in the Democratic party for the controller nomination. In fact there was no aspirant until rather late in the game when William A. Hagerty saw a golden opportunity to drive a wedge in the form of an unopposed nomination. It was successful, the Short wing, naturally antagonistic to Mr. Hagerty, not desiring to do anything that would injure the Snyder candidacy for judge. So Bill's ship of hope is running up stream against that 18,000 to 11,000 current of Republicans with Mitchell Gardner's fleet. The circumstances of the situation are, however, that Bill probably has to paddle his own canoe.

In the Republican primary A. G. Woodward opposed Grant R. Thompson. Mr. Woodward made a splendid showing at the primary, and in recognition of his showing and his attitude after the primary, the Republican County Committee made him their nominee on the death of Mr. Thompson. Shortly after the committee made its selection a cry arose that no respect had been shown for Mr. Thompson. This cry coming from the source it did was very inconsistent and was raised for political effect pure and simple. The DaBols Courier very effectively answered it in the following editorial:

"The terrible state of mind into which the editor of the Clearfield Republican has worked himself over the alleged disrespect for the late Grant Thompson is pathetic to say the least. If the editor will turn back to the columns of his paper at the time Grant R. Thompson was a candidate for Prothonotary, and will read again the abusive, defamatory, humiliating attacks he made, not only upon the candidate, but upon his relatives as well, he might judge what reception the REAL friends of the late Controller give to his false claims of friendship and with what contempt they view his crocodile tears."

Considering the short space of time Mr. Woodward has had to make a campaign, he has made wonderful progress, his name and his claims to the office being as well known as those of any candidate. He has the united support of the Republican party. The battle for the three places on the Board of County Commissioners has been thrown into a jumble by two factors which are bound to result in a peculiar alignment. In the first place, while there are three seats to be filled, the law provides that there shall be representation on the board by both parties and the process by which this is brought about is that each voter can vote for only two commissioners. Great opposition to the old board developed during the primary, several of the aspirants making their whole platform an attack on the old board. Despite their greatest efforts the old board gathered up, the most votes, Dale, Welmer and Farrell all coming through safely. The Democrats added McCracken to their list as a running mate for Farrell.

Opposition to the old board, even stronger for a few days after the primary than before and it would have been possible to get a five to one bet in favor of Farrell and McCracken. Many Republican leaders were willing to concede that the Democrats would

EARLY HUNTERS DID FAIRLY WELL

The thousands of Clearfield county hunters chasing over or through the game covers of the county were fairly well rewarded for their efforts and some very nice bags were made.

Rabbits appear to be quite plentiful but pheasants are reported scarcer than on opening day last season.

Double Dwelling And Old Store Building Burns At Wallacetown

A double dwelling house, owned by the Holt estate, one side of which was occupied by Mrs. Mary Green and family, and the old frame Vulcan Store building, located near the New York Central station in Wallacetown were destroyed by a fire which broke out about 1:30 this morning.

The fire, which is thought to have been due to a defective flue, started in the attic of the Holt building and the flames unchecked spread rapidly. Assistance was asked of the Clearfield and Philipsburg fire departments, both the Hope and Reliance fire companies of Philipsburg responding to the call. The firemen directed their efforts toward saving the adjoining buildings in which work they were successful.

The Vulcan store building was owned by the Harbison Walker Real Estate Company. The loss is estimated at about \$6000.

WHITEMAN-ROSS

Mr. Ira D. Whiteman and Miss Mary Elizabeth Ross were united in marriage in the West Side M. E. parsonage by the pastor, William L. Armstrong, on Thursday, Nov. 1st, at eight o'clock. The ring ceremony of the church was used.

They were attended by David Nelson and Miss Cecelia Ross, a sister of the bride. Mr. Whiteman is a native of Centre Hall, Pa., where he has been a successful agriculturist. Miss Ross has been a resident of Clearfield for a number of years, abiding at 522 Hannah street. The hearty congratulations of their many friends are extended and well wishes for a happy and successful life are hopefully presented.

LITTLE GIRL DIES

The little three year old daughter of Mr. and Mrs. Norman Spahr died at the home of her parents in Hyde City at 3 o'clock yesterday afternoon. Death was due to convulsions and the little one had been sick but about three hours.

The funeral will be held from the home of the parents Sunday afternoon at 3 o'clock, Rev. W. A. Logan will have charge of the services and interment will be made in Centre cemetery.

TO SPEAK FOR LIBRARY

Editor John F. Short will appear at the Driggs Theatre this evening in a four-minute speech on behalf of the proposed Public Library. The speech will be made between shows.

A FINE PICTURE

Those who have seen the war picture at the Globe theatre which the Veterans of Foreign Wars brought here Friday yesterday and today have nothing but praise for the pictures. Veterans who have seen the pictures declare that they truly depict some of the most exciting scenes of actual battles. Last evening the house was crowded and anyone wishing to see the picture should go early tonight.

ATTENTION, LUTHERANS!

Services preparatory to the Holy Communion will be held this evening at St. John's Lutheran church at 7:30. Let every member be present.

Elect Successful Business Men As Commissioners

The salary of a County Commissioner the past four years was \$200 per year. The salary of the office the coming four years will be \$350. You know how signally the "old board" failed to earn their \$2500 per annum the past four years. You then know why they could not earn \$3500 per year if re-elected. Vote for John Boyce, a Republican, and Blake W. McCracken, for County Commissioner. Let us have some business in the commissioners' office.—Pol. Adv.

ODDS AND ENDS AND THINGS

By J. D. C.

It turns out that quite a number of prohibition enforcement officials in various parts of the country have been taking graft. To prevent this it will be necessary to pay all these officials a high enough to place them beyond temptation or else to change human nature. When a large portion of the population is averse to a law there is always graft. Yes, from Tut-Ankh-Amon, B. C., to Coolidge, A. D.

The President asks the press to treat prohibition lawlessness with becoming gravity. This means clamping the lid on humor. It is too bad. There are forms of lawlessness far more serious than letting a jug of juice ferment into wine. For such grand arecy and bigamy, for example, there are at the roots of the law.

Yet if a man steal a elephant or a trained flea, or if he is charged for having twelve wives, who can refrain from smiling? The law says "thou shalt not steal." But it does not say "thou shalt not have twelve wives." And as long as the law is legal to make him feel that it is the same kind of lawlessness as stealing a elephant or having twelve wives, it is not a law.

Because he is convinced that it is not hurting anyone. Yet that is what you will have to teach people who violate the prohibition law before they will accept it seriously.

The enforcement of prohibition suffers much from its friends. Fanatics who say about the violation of one section of the Constitution while they are themselves do the cause of good. And many believe that there is much church business in this business. While the church is a fine institution there are many who think it knows no more about problems of government than any other body of men.

Chiefly, the Ku Klux Klan and vengeance are a serious menace to our social structure. Why is prohibition more important?

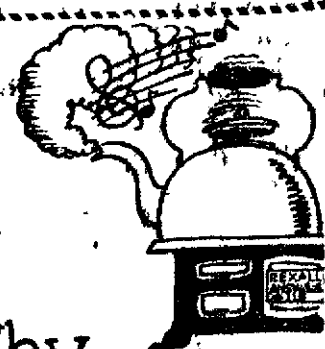

Why not have the problem to the extent of it got honest off-

cial and enforce the law.

Hold a referendum in every state every year and ascertain the wishes of the people. Make the law more or less strict accordingly. And, in the meantime, educate all people as to the effects of alcohol.

The spectacle of "wets" and "drys" in politics is as disgusting as it is hypocritical. The Congressman who votes "dry" and drinks on the sly is as bad as the old-time distiller who supported fifty saloons.

What is the big thing you demand in a typewriter?

Output—that's your chief demand; greater production with less clerical expense; the same primary reason that originally led you to supplant "long-hand" with typewriting.

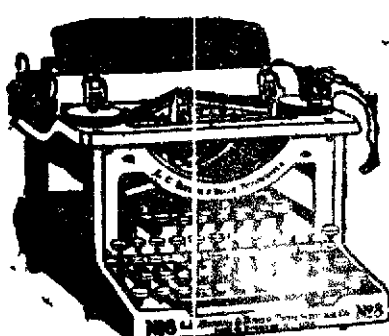

If a typewriter is a means for obtaining economy, what features should be paramount in making a selection from different makes?

As a boy, you knew that ball-bearing roller skates worked easier and lasted longer than the old-fashioned "frictional" type. As a man, you know that ball-bearing machinery gives greater production with less depreciation and upkeep cost.

Think these points over carefully—then ask for a demonstration of the L. C. Smith, the only typewriter with ball-bearings at every important frictional point.

Start matters by writing for a booklet "The Graphical Office."

"Wrap-Around Coats," Says Dame Fashion, and We Have Some Beauties

The new wrap-around Coats, straight line or flaring from the knee, are here, in the rich pile fabrics, such as gerona, burrolaine, ormandale, as well as in flamingo and smooth-finished wool brocades. The snug fit at hip and waist, the close or flaring sleeves, and the huge bolster, crush and shawl collars of such becoming furs as viatka and grey squirrel, red fox, lynx, wolf, are some of the up-to-the-minute features of these luxurious garments. The new colors include platinum, chestnut, beaver, beige.

get two places on the Board of Commissioners.

Then came Sam Hamilton, Joe Phillips and Jim Connelly with their pet, an independent ticket of Commissioners which was, and is now, guaranteed to carry everything from "swine" to the county purse to enlargement of county expenses, and the remedy they offer is McCracken, one of the Democratic nominees, and John Boyce a Republican.

Immediately there was a realignment. Many Democrats resented McCracken's desertion of his running mate on the Democratic ticket and will retaliate by voting for Farrell and Weimer. Others will vote for Farrell and Weimer. And of course Jesse Dale has his friends among the Democrats who are looking for an "excuse" to fight the ticket. McCracken by his teaming up with Mr. Boyce, and especially by his lining up with Sam Hamilton and Joe Phillips, has put himself in the position of being against the party that gave him the first nomination and robbed the Democrats of the privilege of urging that the straight ticket be voted. Naturally Mr. Farrell does not feel like doing anything for his running mate under the circumstances and neither does any other Democratic candidate. Farrell, the more, has all his primary strength left and has gained a great deal more. McCracken as purely a Democratic nominee with Farrell as a running mate was a sure winner. McCracken's chances with Boyce a running mate is a doubtful one. To team with many Republicans were willing to split the ticket to vote for a lone Democrat when that vote would have no further for reaching consequences but now that McCracken has cut his aid to an independent movement designed to injure the chances of Republican success and

has made his running mate one who has bolted the ticket, the shoe is on the other foot. Hundreds of Republicans who deserted the old board in primary election and would have voted for Democrats now declare they will vote for the old board rather than have any probability of success if one who refuses to abide by primary results. The effect of the independent ticket will be twofold, or rather will work two ways. First, Republicans who threatened to stray from the fold are now out actively for Dale and Weimer rather than see Boyce win. Second, Democrats see in the independent ticket the blasting of their hopes for a Democratic board and will center on Farrell. As we said, the result is problematical, but it should be remembered that the Republican candidates, Dale and Weimer "had no chance at the primaries" according to the posters, but they did have the votes.

The independent ticket has had much presaging lately. According to what is said in their advertising the old board is "orful" and the independent offering is about the last word in efficiency and desirability, yet they fail to tell us very much to back up their claims. We learn on inquiry that Mr. McCracken is at the present time a farmer and a bank president and that what he has made in the conducting of a store at Mahanoy. We also learn that John Boyce is a farmer and a coal property at New Millport but made his way conducting a wholesale liquor business at Snow Shoe, Center county.

But the old board is not so unpopular as the press agent of the independents would have it appear. Both Joe Phillips and John Mains made their campaign an attack on the old board. The result, deducting all figures for the city of DuBois, was as follows: Phillips, 1046; Mains, 1129; Dale, 1186; Weimer, 1092. Follow these figures out by considering that Fox and Small are for the ticket and there would seem to be nothing to it but the old board.

Progress Editorial For Women

AN EVERY DAY AFFAIR
By FLORENCE DAVIES

Here's news of a kind. Art, regular art with a capital A, has been sneaking over the fence into the bad lands of commerce and trade, and commerce and trade has been caught looking in at the windows of the house of Art.

New York woman writes, "I went to an exhibition of graphic arts, the other day and I noticed that at least a dozen of our very best artists and illustrators have been drawing pictures for advertisements. Then she named over one after another of the well known artists who draw the cover pages and illustrations for our big magazines, who had lent their pencils and brushes to the cause of better electric light, better complexions, better hosiery, better perfumes and the like.

Twenty years ago a great groan would have gone up from the world of art if such an announcement had been made.

"Shocking, terrible, to sell our sacred talent for mere dollars and cents," the old "Art-for-Art's sake" apostles would have cried, as if art were something sacred like a church or a man which ought not to be defiled with common things.

As a matter of fact, the New York woman sends us the best news that we've heard in a long time. It means that at least here in this country we are beginning to get over the old false idea that art ought to be written "Art" as it was written in the first paragraph of this article, that it isn't a little sacred unrelated thing

and by itself in a gold frame with every-day life quite another and a different thing in a drab frame; but that it's all one and the same thing, that it belongs to daily life and daily life to art.

In every day and age, it has always been so. The early church fathers who skinned those beautiful manuscripts of built the great cathedrals, laying store on stone and carving every detail of ornament with such exquisite care weren't artists with a capital "A". They were just carpenters and masons and printers who put their best into the day's work. Then, too, some of the most valuable old prints which collectors treasure today were originally drawn for what today we would call advertising purposes.

There's been altogether too much of the idea of the sacred and the profane about art, too much setting it apart as something that didn't belong to the things that are all about us. If hosiery and baking powder and

An Important Explanation

An erroneous report has been circulating that Kantar's 25c to \$1.00 chain stores were going out of business. They wish to repudiate and emphatically deny this prevailing rumor.

It is a fact that Kantar & Sons Ready to Wear Apparel establishment located in the former Dyer Brick Block in Curwensville is going out of business and it is a fact that Kantar & Sons of Curwensville are interested in Kantar's chain 25c to \$1.00 stores. Furthermore Kantar & Son's reason for going out of the Ready to Wear Apparel business is a move in the direction for concentrating the combined energies for the purpose of developing to the utmost possibilities their popular system of 25c to \$1.00 stores.

In view of the many inquiries they have been receiving from their host of friends and customers they feel this explanation is in all fairness due their patrons. It was their encouraging response that definitely determined their purpose to dispose of their Ready to Wear Apparel establishment in Curwensville and devote their efforts to the 25c to \$1.00 stores.

Opposite this explanation you will find many reasonable offerings to be had in their Clearfield and Curwensville 25c to \$1.00 Stores and their price quotations will surely appeal to every economical consumer.

Health Officer Weaver posted two more contagious disease cards yesterday. One at the home of Oscar Arday on Filbert street. Mrs. Arday being afflicted by an attack of diphtheria. The other was at the home of Harry Fisher on Susquehanna avenue, who has a child down with scarlet fever.

It was rumored about yesterday that the building occupied by the Brown Blaine factory, situated south of Meadow street, had been sold to that company for the sum of \$12,000, less than its actual cost by \$3,000. President Spencer of the Company Association of what is left of it practically verified this report by the statement that those in control of the business had accepted the offer by the present occupants. It seems that when the building had been erected and leased to the present occupants an option to purchase the same within a specified time was taken by them. Whether this sale will

Yesterday, the first day of the hunting season of 1923, almost depicted the town of every one who owned a gun and had a license to roam over other folks' property at will. It was worth as much as a fellow's life was worth to be within twenty miles of a strip of woods between the hours of noon and nightfall. Many hunters returned to their homes empty handed while others brought in a rabbit or pheasant. One farmer told us yesterday that some time during the early hours he heard cannonading in a piece of woods and investigated. He found four men with guns and five dogs after one lone little half starved bunny. Twelve shots were fired before the rabbit was secured. Now then, shells cost five cents apiece; twelve times five makes sixty. If that is what is called sportsmanship you can chase us.

County politics has sort of lost cast and borough affairs has filled the vacuum thereof during the past few days. The borough election will be a sort of a tangle this year as many of the offices to be filled will have no names on the ticket. Voters who wish to assist in putting good men into important borough posts will be compelled to write the name in the blank spaces left for that purpose. The Democrats held no caucus at all and the Republicans only a half hearted one, very few voters attending.

BOXING BOUT AT GLOBE
THEATRE MONDAY

Promoter Ike Griffin has arranged a fine boxing card for his show at the Globe Theatre Monday evening. One of the top liners on the bill is Kid Crutchfield, colored middle weight champion from Pittsburgh, who has boxed a number of times at Altoona and other points in this section. His opponent is Battling Willis, of Youngstown, Ohio, who is reputed to be a really fancy slugger.

The management has fixed up a first class ring on the stage and is arranging to handle a crowd Monday evening.

Business—Not Politics, Is Need In Commissioners' Office

When you go to vote Tuesday next don't let the Ward or Precinct Healer induce you to vote the straight ticket of any party unless you take time to mark an X opposite the name of John Boyce and Blake W. McCracken for County Commissioners. They are successful business men and Clearfield county certainly needs such men in the Commissioners office after the past four years of mismanagement, waste, neglect and mounting taxes.—Pol. Adv.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 percent common kerosene (coal oil).

The inventor, S. K. Johnson, 642 N. Broad St., Philadelphia, is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

MORRISDALE WOMAN DIES AT CLEARFIELD

Diphtheria, which developed after a lengthy period of failing health, caused the death of Miss Emma Morrissdale, at the Clearfield Sanitarium, Clearfield, about 10 o'clock, Wednesday morning. She had been a patient at the sanitarium for the past five weeks.

Miss Morrissdale was the daughter of William and Martha Washburn, of Clearfield, Pa., but for some time she and a sister, Miss Martha, jointly made their home at Clearfield. She was well and favorably known both in Morrisdale and Clearfield. She was an active member of the Methodist church at Clearfield and was in every way a good Christian, whose many good deeds have won for her the esteem and high regard of her home community.

The surviving brothers and sisters are Parker Washburn and Mrs. Sam. of Lewis, of Nant-Y-Ho, Mrs. Alton Nelson and Charles Washburn, of Clearfield; F. and Washburn, of Morrisdale; and George Washburn, of Port Clinton. A brother, Harry Washburn, is now in the service.

of Phillipsburg and a sister, Mrs. Caroline McCann, of Morrisdale, are deceased. She was a niece of the late Robert Lloyd of Phillipsburg. The funeral service will be held at the home of the deceased at Morrisdale. The day and hour have not yet been set.

CHRISTIAN CHURCH REVIVAL NOTES

The Raun Evangelistic party, who are now conducting a series of revival services at the Susquehanna College of Music, were greeted with an audience that almost taxed the capacity of the building at their first appearance in Clearfield last night. Besides a good local turnout, a delegation of more than one hundred people drove over from Phillipsburg where the evangelists had been conducting services in the early part of the week.

Prof. R. Paul Arnold, who is the soloist and song leader of the party, is a large man with a large voice. He stands six feet four inches in height and possesses one of the finest baritone voices heard in these parts for a long time. He will sing each evening and conduct the music through-

out the campaign. Evangelist J. S. Raun held the close attention of his audience as he spoke on the subject "What Think Ye of Christ?" Tonight he will speak on the subject "Our Heavenly Home—Will We Know Each Other There?"

Tonight and tomorrow night two services will be held at the Susquehanna College of Music on Locust street. On Sunday night the service will be held at Driggs Theatre and it is expected that the theatre will be packed to the doors for this special service. All services begin at 7:30 and the public is welcome.

CLEARFIELD CIRCUIT

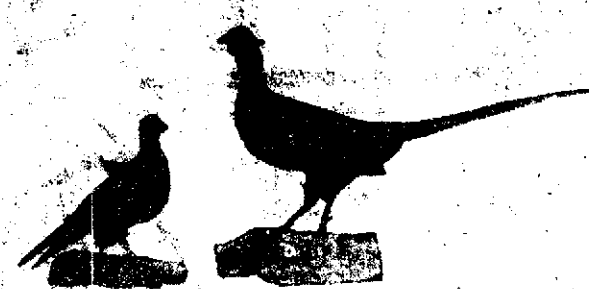

Bloomington 10:45 a. m. Revival services begin at Pleasant Grove Sunday evening at 7:30. The Rev. Mr. Kelly will preach in Center church at 7:30 p. m. A. C. Logan, Pastor.

Bring Us That First Bird To Mount As You Shot It Today

Everything was ideal for the first day of the season and you'll want to remember it with something else beside memories. If you got your bird, bring it here and let us mount it the way it looked as it scuttled through the underbrush, trying to get away from you. Or possibly you ran on to Mr. Bird when he was standing looking for you. You may enjoy this scene many many times in the future when you glance up at the bird we mount in a lifelike manner.

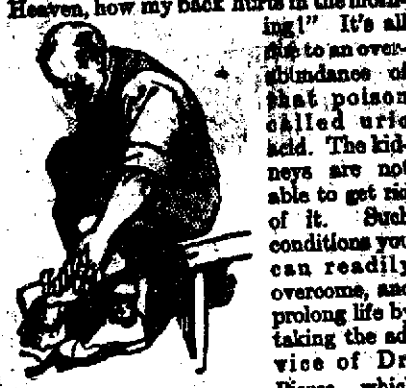

Our prices are right for the quality of work we do and you'll find that your trophies are mounted as true to nature as they were in life. Drop us a line for our catalog, camp rosters and big game tags.

"Gee-Whiz! How it Hurts!"

"The Pain in My Foot!"

"Sometimes it is in my arm. Merciful Heaven, how my back hurts in the morning!" It's all due to an overabundance of that poison called uric acid. The kidneys are unable to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Dr. Pierce, which is "keep the kidneys in good order."

"Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking Anurio." This can be obtained at almost any drug store. Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbar, rheumatism or gout; or sleep is disturbed two or three times a night, take heed, before too late. Get Anurio (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial package.

MARGARINE NOT

A "SUBSTITUTE" SAY MANUFACTURERS

Is a Fine, Modern Food

Margarine is made and sold in accordance with the best ideas of modern American food production and marketing. It reaches the consumer in a carton that is plainly stamped "oleomargarine," so that no consumer knows exactly what he is buying. In fact the high character of margarine as a pure, wholesome food is so pronounced that the producers are proud to be identified with their product.

Consumers of the sound ethical basis upon which the industry is operating, the margarine manufacturer naturally resents the constant allusion to his product as a "substitute," or an "equivalent." The use of the word "butterine" is to be deplored, as it gives the impression that margarine seeks to be sold in place of butter and similar product. The word "butterine" is as much to blame in this respect as anybody. Most of their definitions start, "Margarine is a substitute," and even some dictionaries follow suit.

Margarine today is a prepared spread, but is no more artificial than any other food that is prepared by sterilizing, heating, blending and chilling. The flavor of margarine pleases the taste of a great number of people. Its ingredients are the best of their kind, are of known purity and wholesomeness. Modern methods of production are responsible for its being possible to offer margarine to the consumer at a price that is most moderate. It is a consideration of value that has proved satisfactory to the taste of thousands of women, hence its wide sale. And it is marketed solely on its own merit.

The immense increase in the use of margarine is witness to its wide popularity and to its merit as a spread and as a shortening. Last year the demand for margarine amounted to 200,000,000 pounds, and of this large quantity Jellie GOOD LUCK Margarine, the largest selling brand, and the finest spread for bread, represented a large share. Such a record made solely on the merit of the product, shows the advantage of doing business with branded merchandise, and is a crying refutation of any doctrine on the part of the margarine manufacturer to sell his product as a substitute.—Advertisement.

CAMBRIA COUNTY BANK HELD UP BY 5 BANDITS TODAY

Bakerton, Pa., Is Visited
by Men Armed With
Shot Guns; Lock Cash-
ier and Clerks in Vault.

THEY GET BUT \$2000

Johnstown, Pa., Nov. 2.—Five bandits, armed with shotguns, today held up the First National Bank of Bakerton, thirty miles from here and escaped with \$2,000. The cashier and his assistants were locked in a vault. Albert Taylor, an employee of a coal company was shot in the left arm in giving chase.

Ottawa, Kan., Nov. 2.—Four bandits held up the First National Bank here today and escaped with \$2,500 in cash.

The robbers compelled ten employees of the bank to lie on the floor while they scooped up all the silver and currency in sight.

Two School Teachers Are Killed When Auto Is Struck At Crossing

Steubenville, Ohio, Nov. 2.—Two school teachers enroute here to attend the Eastern Ohio Teachers' Conference were killed today when struck by a fast train on the Pittsburgh and Cleveland division of the Pennsylvania Railroad at Toronto.

The dead are: Olive Irvin, aged 22 of Richmond and Elizabeth Bernard, aged 35 of Fremont. Owing to a heavy fog the young women did not see the approaching passenger train.

WADLEIGH RESIGNS IMPORTANT POST UNDER MR. HOOVER

Washington, D. C. Nov. 2.—Francis E. Wadleigh, of Munsey, Pennsylvania, Chief of the Coal Division of the Department of Commerce, and former fuel distributor, today tendered his resignation to Secretary of Commerce Hoover.

Announcing his resignation, the Department of Commerce stated it was due to Wadleigh's "necessity to return to private commercial life."

FOUND VICTIMS OF THE DEARBORN MASSACRE

Chicago, Nov. 2. (United Press).—Skeletons of two Indians were uncovered here by workmen digging on the spot of the historic Fort Dearborn massacre.

When the excavators were about ten feet below the surface a workman shovel struck one of the skeletons, which was first thought to be bones of some animal.

M. G. Chandler, member of the Chicago Historical Society, was called and asked the remains were of Indians, because of the prominent bones above the cheeks and eyes, characteristic of the red man.

"The skeletons looked to have been buried for about a century," Chandler said.

That the two Indians were killed during the Fort Dearborn massacre is the opinion of Chandler.

FIRST HUNTING ACCIDENT

Paul McClure, a student at Clearfield High School, who resides with his parents at the corner of West Locust and Weaver streets, was the first hunting accident victim reported in this section. Paul was one of a local party hunting rabbits at Grampian yesterday. He tripped on a wire and fell, ramming the muzzle of his gun into the mud. The gun was also discharged in the fall, blowing off the end of the barrel. A fragment of the barrel struck the young man on the head, making an ugly wound and tearing the leaders of his hair.

He is confined to his home with a very sore leg.

AMERICA WILL INSIST THAT FRANCE COMES INTO BIG CONFERENCE THE SAME AS OTHERS

Washington, D. C. Nov. 2.—The United States has made plain to France that it will withdraw from the proposed investigation of Germany's capacity to pay reparations if the scope of the conference is restricted in advance by Premier Poincare, it was learned today.

A communication was made to the French Government by Secretary of State Hughes through the French Charge d'affaires in Washington, it was understood.

SHOPMEN FILE BILL IN EQUITY AGAINST PENNSYLVANIA R.R.

Philadelphia, Pa., Nov. 2.—A bill in equity against the Pennsylvania Railroad, asking for an injunction to end the Company's refusal to comply with regulations established by the Railroad Labor Board, was filed in the United States District Court here today by David Wallerstein, Counsel for 60,000 striking shopmen.

The shopmen also seek to recover \$15,000,000 damages to make up for underpayment in wages, which they allege resulted from the Railroad's defiance of the rates set up by the Labor Board.

Blame Treaty for Gas Price In Berlin

By CARL D. GROAT
(United Press Staff Correspondent.)
Berlin. (By Mail to United Press).—Angry patrons of the Berlin municipal gasworks have lodged so many complaints of "blackmail, extortion and profiteering" against the institution that the state attorney is now considering an action against the company.

The complaints arise from the fact that the gas works, demanding a price vastly above American figures, adds insult to injury by demanding at the time of reading the then current price, instead of taking the price prevalent when the gas was used.

The gas works' maintains that with coal far over the world market price of twenty-two gold marks a ton, and with an exorbitant mark, they must take into consideration the devaluation occurring between the time of consumption and payment.

In any event, gas for an ordinary household now costs anywhere from \$10 to \$20 a month—a figure which most Berlin families are utterly unable to meet.

Berlin residents, now unable to heat a little water for bathing, are sorer at the gasworks than at the Versailles treaty, if such a thing is possible in German psychology.

Incidentally, the Versailles treaty gets part of the blame for the gas price.

JOHNSON-KYLER

Thursday evening, Nov. 1, at 6:30 o'clock Mr. John Johnson and Miss Ruth Kyler were united in the bonds of matrimony in the West Side M. E. parsonage by the pastor, William L. Armstrong. The ring ceremony of the church was used.

Mr. Johnson is a resident of Ebensburg, Pa. Miss Kyler's home has been in Shawville. They will make their home in Ebensburg, where Mr. Johnson is employed. The congratulations and well wishes of their many friends are extended.

HAYNES CALLS IN ALL PERMITS BEING HELD BY THE DEALERS IN DEHORNED ALCOHOL

Philadelphia, Nov. 2.—Prohibition Commissioner Haynes has called in permits of denatured alcohol manufacturers and dealers in eastern Pennsylvania to check up what disposition has been made of the material and to cut off the flow of denatured alcohol that seeps into the hands of bootleggers for re-distillation, it was learned at Prohibition Headquarters here today.

The action of Commissioner Haynes follows closely Governor Pinchot's tilt with Secretary of the Treasury Mellon over federal prohibition enforcement.

Pinchot charged in a letter to Mellon that Pennsylvania was being flooded with liquor made from re-distilled denatured alcohol.

READY FOR LOCK HAVEN

The Clearfield High gridders finished their training for Lock Haven Saturday, with a short scrimmage to polish off all rough spots on certain parts of the C. H. S. football machine. The varsity using line plays exclusively and ran roughed over the junior varsity and scored 7 touchdowns. The scrimmage was preceded by a long signal practice in which the "smashing attack" was dwelt upon entirely. The local school will send sixteen grid warriors headed by Capt. Irvine, who hopes to send the Lock Haven riders to their second defeat of the season. The rest of the squad who expect to journey to Lock Haven and assist Capt. Bark, are: Wilson, Mitchell, Morris, Dale, Mann, Thurston, Rafferty, Lambert, R. McGuire, Johnny Kowles, Withers, Davis, Johnston and Hughes. They will leave here Friday afternoon and return some time Sunday making the trip by rail. The local squad will enter the game against a much heavier team yet the determination to win can be found in every C. H. S. griddier and Coach Reed expressed much satisfaction over the results of Thursday's practice.

A FINE OUTING

Misses Mary and Wava Kyler, of Kylertown, Mr. Pearl Leathers and son Billy and Miss Mildred Reiter, of Karlshaus, spent a delightful week end at Pine Tree Plantation Camp on Sprout Reserve, Centre County. An oyster supper Saturday night was followed with delight after the long ride from Kylertown. The next day a long hike through the woods was followed by a delicious chicken dinner and all that goes with it. Other members of the party were Miss Lulu Watson, Ralph Watson, Mr. and Mrs. Harris Watson and family, Mrs. George Withers and son Therman, all of Snow Shoe and Mr. Jacob Confer of Coalport. Sunday evening a happy crowd left for their respective homes leaving Mr. Confer alone with enough dainties to last a week.

Mr. and Mrs. Rowland Kurtz of Atlantic City spent a few days this week with relatives in Clearfield.

SOME MORE NEWS ON THE CAMPAIGN ENDING TUESDAY

Some day we will realize that the job of County Controller is one of the biggest offices to be filled. We probably look at it today as a great deal more important than we thought it was a couple of years ago. At present we hear more about the office of County Commissioner but that is because so many are hungry for the office.

In the primary campaign, owing to the contest on the judgeship, there was no contest in the Democratic party for the controller nomination. In fact there was no aspirant until rather late in the game when William A. Hagerty saw a golden opportunity to drive a wedge in the form of an unopposed nomination. It was successful, the Short wing, naturally antagonistic to Mr. Hagerty, not desiring to do anything that would injure the Snyder candidacy for judge. So Bill's ship of hope is running up stream against that 18,000 to 11,000 current of Republicans with Mitchell Gardner's fleet. The circumstances of the situation are, however, that Bill probably has to paddle his own canoe.

In the Republican primary A. G. Woodward opposed Grant R. Thompson. Mr. Woodward made a splendid showing at the primary, and in recognition of his showing and his attitude after the primary, the Republican County Committee made him their nominee on the death of Mr. Thompson. Shortly after the committee made its selection a cry arose that no respect had been shown for Mr. Thompson. This cry coming from the source it did was very inconsistent and was raised for political effect pure and simple. The DaBols Courier very effectively answered it in the following editorial:

"The terrible state of mind into which the editor of the Clearfield Republican has worked himself over the alleged disrespect for the late Grant Thompson is pathetic to say the least. If the editor will turn back to the columns of his paper at the time Grant R. Thompson was a candidate for Prothonotary, and will read again the abusive, defamatory, humiliating attacks he made, not only upon the candidate, but upon his relatives as well, he might judge what reception the REAL friends of the late Controller give to his false claims of friendship and with what contempt they view his crocodile tears."

Considering the short space of time Mr. Woodward has had to make a campaign, he has made wonderful progress, his name and his claims to the office being as well known as those of any candidate. He has the united support of the Republican party. The battle for the three places on the Board of County Commissioners has been thrown into a jumble by two factors which are bound to result in a peculiar alignment. In the first place, while there are three seats to be filled, the law provides that there shall be representation on the board by both parties and the process by which this is brought about is that each voter can vote for only two commissioners. Great opposition to the old board developed during the primary, several of the aspirants making their whole platform an attack on the old board. Despite their greatest efforts the old board gathered up the most votes, Dale, Welmer and Farrell all coming through safely. The Democrats added McCracken to their list as a running mate for Farrell.

Opposition to the old board, even stronger for a few days after the primary than before and it would have been possible to get a five to one bet in favor of Farrell and McCracken. Many Republican leaders were willing to concede that the Democrats would

EARLY HUNTERS DID FAIRLY WELL

The thousands of Clearfield county hunters chasing over or through the game covers of the county were fairly well rewarded for their efforts and some very nice bags were made.

Rabbits appear to be quite plentiful but pheasants are reported scarcer than on opening day last season.

Double Dwelling And Old Store Building Burns At Wallacetown

A double dwelling house, owned by the Holt estate, one side of which was occupied by Mrs. Mary Green, and family, and the old frame Vulcan Store building, located near the New York Central station in Wallacetown were destroyed by a fire which broke out about 1:30 this morning.

The fire, which is thought to have been due to a defective flue, started in the attic of the Holt building. Wallacetown is without fire protection and the flames unchecked spread rapidly. Assistance was asked of the Clearfield and Philipsburg fire departments, both the Hope and Reliance fire companies of Philipsburg responding to the call. The firemen directed their efforts toward saving the adjoining buildings in which work they were successful.

The Vulcan store building was owned by the Harbison Walker Real Estate Company. The loss is estimated at about \$6000.

WHITEMAN-ROSS

Mr. Ira D. Whiteman and Miss Mary Elizabeth Ross were united in marriage in the West Side M. E. parsonage by the pastor, William L. Armstrong, on Thursday, Nov. 1st, at eight o'clock. The ring ceremony of the church was used.

They were attended by David Nelson and Miss Cecelia Ross, a sister of the bride. Mr. Whiteman is a native of Centre Hall, Pa., where he has been a successful agriculturist. Miss Ross has been a resident of Clearfield for a number of years, abiding at 522 Hannah street. The hearty congratulations of their many friends are extended and well wishes for a happy and successful life are hopefully presented.

LITTLE GIRL DIES

The little three year old daughter of Mr. and Mrs. Norman Spahr, died at the home of her parents in Hyde City at 3 o'clock yesterday afternoon. Death was due to convulsions as the little one had been sick but about three hours.

The funeral will be held from the home of the parents Sunday afternoon at 3 o'clock, Rev. W. A. Logan will have charge of the services and interment will be made in Centre cemetery.

TO SPEAK FOR LIBRARY

Editor John P. Short will appear at the Driggs Theatre this evening in a four-minute speech on behalf of the proposed Public Library. The speech will be made between shows.

Hon. William I. Swoope will speak in a similar manner at both the Liberty and Globe theatres.

A FINE PICTURE

Those who have seen the war picture at the Globe theatre which the Veterans of Foreign Wars brought here this morning yesterday and today have nothing but praise for the pictures. Veterans who have seen the pictures declare that they truly depict some of the most exciting scenes of actual battles. Last evening the house was crowded and anyone wishing to see the picture should go early tonight.

ATTENTION, LUTHERANS!

CLEARFIELD JUNIOR BOARD OF TRADE IS THE NAME DECIDED UPON FOR NEW CLUB OF CITY'S MOST PROMISING YOUNG MEN

The young men of high school age of Clearfield have been thinking for some time of organizing a club through which they could express their views, effectively work with other organizations and at the same time train themselves for a broader life as citizens of the community. At a preliminary meeting, held recently, the boys tentatively mapped out a program of organization and for the present called their club the Junior Commercial Club.

At a dinner meeting held at Jordan's hotel last evening they discussed the matter of a name and changed it to the Clearfield Junior Board of Trade, which will, for the sake of brevity, be known as the C. J. B. T. There were 21 members of the club present last evening while "Pop" Wilson, LeRoy Boyce and Professor Diener made up the guest list. Mr. Wilson here made up the guest list. Mr. Wilson here made up the guest list.

The next meeting of the club will be held at the "Y" next Thursday evening, Nov. 8th at 7:30 o'clock.

H. B. Powell Endorses Public Library Project; Cost Is Within Reach

Mr. S. L. Warner, Chairman, Clearfield, Pa.

Dear Mr. Warner: Replying to your inquiry, I wish to state that I favor the proposed tax for the establishing of a Public Library. This subject has been kept before the community by some of the public spirited women of the town for several years. A laudable effort to finance it through private subscription was made, but that was found impossible because of the number of charitable and benevolent enterprises already soliciting the urgently requiring private support.

To my mind it is proper, right, and in harmony with the spirit of our free institutions to support a Public Library by public funds; for, this is the only means open to furnish to all our people the advantages which otherwise could be enjoyed by the few only. Taking into consideration the advantages which would accrue to all our people from a library in the town, the cost to each in the way of taxation would be quite moderate.

The present assessed valuation of the Borough for tax purposes, is \$3,305,834. Two mills on this amount, the rate which would be levied for the library would produce \$6,611.65. About one-fourth of the amount would be paid by corporations and business concerns owning property in Clearfield Borough. The total tax rate in Clearfield Borough for the current year is 57 1/2 mills. The additional cost to the individual taxpayer might be illustrated in the following manner: The man who pays \$25.00 taxes would after making allowance for the minimum school tax, pay about \$5.50 additional for the library. The man who is not a real estate owner but who pays on personal assessments only would find his tax increased a trifling sum only.

Very truly yours,
H. B. POWELL

FUNERAL OF MRS. HOWARD MILLIGAN

The funeral of Mrs. Howard Milligan will be held from her late home on Dorey street, tomorrow afternoon at 2 o'clock. The services will be in charge of Rev. E. C. Reeve, of the Presbyterian church, and interment will be made in Hillcrest cemetery.

Edmund Kerr, a student at Lehigh College, is home a few days this week hunting.

Klan Officials Deny That Organization Had Part In Brutal Beating

Dallas, Texas, Nov. 2. (United Press).—High officials of the Ku Klux Klan today denied any part in the kidnapping of a woman in the kidnapping of Mrs. John L. and Loren Johnson in a house here last night.

Westbrook was strangled and hanged to a tree and bent over a heavy leather strap while John L. looked on. Johnson, who was with them, was not hurt.

Westbrook's body was found in a well and was suffering severely. He said his kidnappers asked him of failure to support his wife and child, with whom he is not living and with beating another woman. He denied both accusations.

He told police two of the women were waiting at the home of Mrs. Pauline Pitt, where he returned with Johnson, when they returned. Without a word, he said, they seized him, blindfolded and placed in an automobile where the car was driven to four other men.

Miss Katherine E. B. was visited from Cleveland, Ohio, who operated at some time ago. Her mother is very much improved.

ORD TURNS OUT CAR BEARING NO. 8,500,000 OCT. 4TH

Mich. Nov. 2.—Ford motor car No. 8,500,000 went off the assembly line at the Ford Motor Company's Highland Park on October 4 announced. The last half million cars were produced in seven months and three months, for more than 8,500,000 went out July 11, 1923.

The factory of the Ford Motor Company, located at Northville, Mich., is devoted exclusively to the manufacture of valves for Ford motor cars. The plant employs 10,000 men working in three eight-hour shifts and turns out 85,000 Ford motor cars and 10,000 Ford valves. Since it was opened in March, 1922, the plant has produced more than 44,000,000 valves.

For ammonium sulphate is growing rapidly. During the month of October, the Ford Motor Company to the United States. It is a product of coke, carries from 20 to 30 percent available nitrogen and is one of the world's best fertilizers of that element.

HYDE WOMAN STRUCK BY CAR

Mrs. Newton Wiley, of Hyde, was struck by an automobile driven by Earl Dots, of Pine street, about 7:25 o'clock Wednesday evening at the crossing at corner of Market and Second streets. The car was almost stopped when it struck Mrs. Wiley, who received slight injury to one of her legs. She was picked up by Dr. Wilson and placed in his car and was taken to the doctor's office, where her injuries were found to consist of but slight bruises.

Elect Successful Business Men As Commissioners

The salary of a County Commissioner the past four years was \$200 per year. The salary of the office the coming year will be \$350. You know how signally the "old board" failed to earn their \$2500 per annum the past four years. You then know why they could not earn \$3500 per year if re-elected. Vote for John Boyce, a Republican, and Blake W. McCracken, for County Commissioner. Let us have some business in the commissioners' office.—Pol. Adv.

ODDS AND ENDS AND THINGS

By J. D. C.

It turns out that quite a number of prohibition enforcement officials in various parts of the country have been taking graft. To prevent this it will be necessary to pay all these officials enough to place them beyond temptation or else to change human nature. When a large portion of the population is averse to a law there is always graft. Yes, from Tut-Ankh-Amon, B. C., to Coolidge, A. D.

The President asks the press to treat prohibition lawlessness with becoming gravity. This means clamping the lid on humor. It is too bad. There are forms of lawlessness far more serious than letting a jug of juice ferment into wine. Such grand are as and bigamy, for example. These are at the roots of a bad society. Yet if a man steal a pig or a trained flea, or if he is arrested for having twelve wives, who can refrain from smiling?

The law says "thou shalt not drink beer." But it does not say a man's thirst. And as long as a man knows it is legal to drink beer or wine in Canada or Mexico, or any other part of the world, it is difficult to make him feel that it is the same kind of lawlessness as stealing or assaulting or turning a bucket-head. Because he is convinced that it is not hurting anyone.

Yet that is what you will have to teach people who violate the prohibition law before they will accept it seriously.

The enforcement of prohibition suffers much from its friends. Fanatics who say about the violation of one section of the Constitution while they are at the same time violating the cause of good. And many believe that there is too much church business in this business. While the church is a fine institution there are many who think it knows no more about problems of government than any other body of men.

Chiefly, the Ku Klux Klan and vengeance are a serious menace to our social structure. Why is prohibition more important?

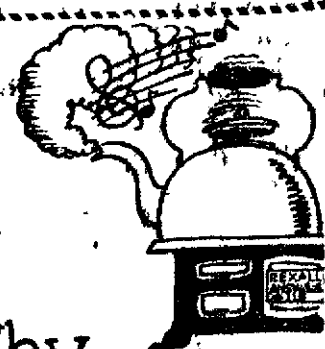

Why not have the problem to the extent of it got honest off-

cial and enforce the law.

Hold a referendum in every state every year and ascertain the wishes of the people. Make the law more or less strict accordingly. And, in the meantime, educate all people as to the effects of alcohol.

The spectacle of "wets" and "drys" in politics is as disgusting as it is hypocritical. The Congressman who votes "dry" and drinks on the sly is as bad as the old-time distiller who supported fifty saloons.

What is the big thing you demand in a typewriter?

Output—that's your chief demand; greater production with less clerical expense; the same primary reason that originally led you to supplant "long-hand" with typewriting.

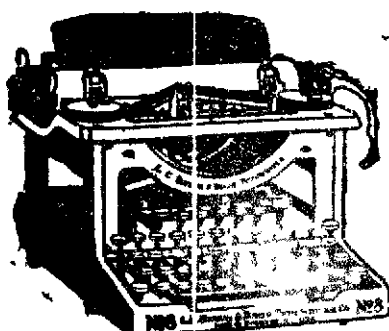

If a typewriter is a means for obtaining economy, what features should be paramount in making a selection from different makes?

As a boy, you knew that ball-bearing roller skates worked easier and lasted longer than the old-fashioned "frictional" type. As a man, you know that ball-bearing machinery gives greater production with less depreciation and upkeep cost.

Think these points over carefully—then ask for a demonstration of the L. C. Smith, the only typewriter with ball-bearings at every important frictional point.

"Wrap-Around Coats," Says Dame Fashion, and We Have Some Beauties

The new wrap-around Coats, straight line or flaring from the knee, are here, in the rich pile fabrics, such as gerona, burelaine, ormandale, as well as in flamingo and smooth-finished wool brocades. The snug fit at hip and waist, the close or flaring sleeves, and the huge bolster, crush and shawl collars of such becoming furs as viatka and grey squirrel, red fox, lynx, wolf, are some of the up-to-the-minute features of these luxurious garments. The new colors include platinum, chestnut, beaver, beige.

(Continued from Page One.)

get two places on the Board of Commissioners.

Then came Sam Hamilton, Joe Phillips and Jim Connelly with their pet, an independent ticket of Commission-ers which was, and is now, guaranteed to carry everything from "swine" to the county purse to en- largement of county expenses, and the remedy they offer is McCracken, one of the Democratic nominees, and John Boyce a Republican.

Immediately there was a realign- ment. Many Democrats resented Mc- Cracken's desertion of his running mate on the Democratic ticket and will retaliate by voting for Farrel- l. Others will vote for Farrell and Weimer. And of course Jesse Dale has his friends among the Democrats who are looking for an "excuse" to fight the ticket. McCracken by his teaming up with Mr. Boyce, and es- pecially by his lining up with Sam Hamilton and Joe Phillips, has put himself in the position of being against the party that gave him the first nomination and robbed the Dem- ocrats of the privilege of urging that the straight ticket be voted. Natu- rally Mr. Farrell does not feel like do- ing anything for his running mate un- der the circumstances and neither does any other Democratic candidate. Farrel, the more, has all his primary strength left and has gained a great deal more. McCracken as purely a Democratic nominee with Farrell as a running mate was a sure winner. Mc- Cracken's chances with Boyce a run- ning mate is a doubtful one. So much for the rumble on the Democratic side. To begin with many Republicans were willing to split the ticket to vote for a lone Democrat when that vote would have no further far reaching consequences but now that McCracken has cut his aid to an independent movement designed to injure the chances of Republican success and

has made his running mate one who has bolted the ticket, the shoe is on the other foot. Hundreds of Republi- cans who deserted the old board in primary election and would have vot- ed for Democrats now declare they will vote for the old board rather than have any probability of success be- cause they refuse to abide by primary results. The effect of the independent ticket will be twofold, or rather will work two ways. First, Republicans who threatened to stray from the fold are now out actively for Dale. Second, Democrats see in the indepen- dent ticket the blasting of their hope for a Democratic board and will center on Farrell. As we said, the result is problematical, but it should be re- membered that the Republican candi- dates, Dale and Weimer "had no chance at the primaries" according to the posters, but they did have the votes.

The independent ticket has had much presaging lately. According to what is said in their advertising the old board is "orful" and the inde- pendent offering is about the last word in efficiency and desirability, yet they fail to tell us very much to back up their claims. We learn on inquiry that Mr. McCracken is at the present time a farmer and a bank president and that what he has made in the conducting of a store at Mahanoy. We also learn that John Boyce is a farmer and a coal property at New Millport but made his way conducting a whole- sale liquor business at Snow Shoe, Center county.

But the old board is not so unpopu- lar as the press agent of the indepen- dents would have it appear. Both Joe Phillips and John Mains made their campaign an attack on the old board. The result, deducting all figures for the city of DuBois, was as follows: Phillips, 1046; Mains, 1129; Dale 1186; Weimer, 1092. Follow these fig- ures out by considering that Fox and Small are for the ticket and there would seem to be nothing to it but the old board.

Progress Editorial For Women

AN EVERY DAY AFFAIR
By FLORENCE DAVIES

Here's news of a kind. Art, regu- lar art with a capital A, has been sneaking over the fence into the bad lands of commerce and trade, and commerce and trade has been caught looking in at the windows of the house of Art.

New York woman writes, "I went to an exhibition of graphic arts, the other day and I noticed that at least a dozen of our very best artists and illustrators have been drawing pic- tures for advertisements. Then she named over one after an- other of the well known artists who draw the cover pages and illustra- tions for our big magazines, who had lent their pencils and brushes to the cause of better electric light, better complexions, better hosiery, better perfumes and the like.

Twenty years ago a great groan would have gone up from the world of art if such an announcement had been made.

"Shocking, terrible, to sell our sacred talent for mere dollars and cents," the old "Art-for-Art's sake" apostles would have cried, as if art were something sacred like a church or a man which ought not to be de- graded with common things.

As a matter of fact, the New York woman sends us the best news that we've heard in a long time. It means that at least here in this country we are beginning to get over the old false idea that art ought to be writ- ten "Art" as it was written in the first paragraph of this article, that it isn't a little sacred unrelated thing

and by itself in a gold frame with every-day life quite another and a different thing in a drab frame; but that it's all one and the same thing, that it belongs to daily life and daily life to art.

In every day and age, it has al- ways been so. The early church fath- ers who skinned those beautiful man- ners of art built the great cathedrals, laying store on stone and carv- ing every detail of ornament with such exquisite care weren't artists with a capital "A." They were just carpenters and masons and printers who put their best into the day's work. Then, too, some of the most valuable old prints which collectors treasure today were originally drawn for what today we would call advertising pur- poses.

There's been altogether too much of the idea of the sacred and the pro- fane about art, too much setting it apart as something that didn't belong to the things that are all about us. If hosiery and baking powder and

electric lights and varnish are worth telling about at all they are worth telling about beautifully.

Thanks, Mr. Advertiser for mak- ing the story as attractive as you can.

KANTAR'S 25c TO \$1.00 STORE

An Important Explanation

An erroneous report has been circulating that Kantar's 25c to \$1.00 chain stores were going out of business. They wish to repudiate and emphatically deny this pre- vailing rumor.

It is a fact that Kantar & Sons Ready to Wear Apparel establishment located in the former Dyer Brick Block in Curwensville is going out of business and it is a fact that Kantar & Sons of Curwensville are interested in Kan- tar's chain 25c to \$1.00 stores. Furthermore Kantar & Son's reason for going out of the Ready to Wear Ap- parel business is a move in the direction for concentrat- ing the combined energies for the purpose of developing to the utmost possibilities their popular system of 25c to \$1.00 stores.

In view of the many in- quires they have been re- ceiving from their host of friends and customers they feel this explanation is in all fairness due their patrons. It was their encouraging re- sponse that definitely deter- mined their purpose to dis- pose of their Ready to Wear Apparel establishment in Curwensville and devote their efforts to the 25c to \$1.00 stores.

Opposite this explanation you will find many reason- able offerings to be had in their Clearfield and Curwensville 25c to \$1.00 Stores and their price quotations will surely appeal to every eco- nomical consumer.

Yesterday, the first day of the hunting season of 1923, almost depleted the town of every one who owned a gun and had a license to roam over other folks' property at will. It was worth as much as a fellow's life was worth to be within twenty miles of a strip of woods between the hours of noon and nightfall. Many hunters returned to their homes empty handed while others brought in a rabbit or pheasant. One farmer told us yesterday that some time during the early hours he heard cannonading in a piece of woods and investigated. He found four men with guns and five dogs after one lone little half starved bunny. Twelve shots were fired before the rabbit was secured. Now then, shells cost five cents apiece; twelve times five makes sixty. If that is what is called sportsmanship you can chase us.

County politics has sort of lost cast and borough affairs has filled the vacuum thereof during the past few days. The borough election will be a sort of a tangle this year as many of the offices to be filled will have no names on the ticket. Voters who wish to assist in putting good men into important borough posts will be compelled to write the name in the blank spaces left for that purpose. The Democrats held no caucus at all and the Republicans only a half hearted one, very few voters attending.

Tom Sims SAYS—
This country will take part in a separation conference, it being the only way to get our part. A Canadian girl saved 17 hunters. We think the least they could do is let her keep one of them. News from far-off Japan. Crown are stealing golf balls. Maybe they think they are squirrels. King of Bulgaria wants to marry a rich woman. That's easy to do, except you have to be richer. Man-powered taxis will be used in Berlin. This is fine. Causing the engine will do some good. News from Paris. New serum cures hoof and mouth disease. We trust some golfers will try it. In Sayre, Pa., \$200 in bills was burned in a stove. Even coal would have been some cheaper. Package mailed nine years ago has arrived in Seattle. Do your Christmas mailing early. Man in Lima, O., refused to wear any clothes at all, so perhaps he has seen the new prices. Boston boy of 12 has insomnia. Doctors can't cure him. We can. Make him study his lessons. Wind in Panama destroyed 350,000 banana trees. Another evil result of that no banana song. Revenge is sweet. New York girl married a cop who arrested her. All the world's problems must be settled every day to make room for more world problems. Many people who don't have to work do work and many people who have to work don't.

BOXING BOUT AT GLOBE
THEATRE MONDAY

Promoter Ike Griffin has arranged a fine boxing card for his show at the Globe Theatre Monday evening. One of the top liners on the bill is Kid Crutchfield, colored middle weight champion from Pittsburgh, who has boxed a number of times at Altoona and other points in this section. His opponent is Battling Willis, of Youngstown, Ohio, who is reputed to be a really fancy slugger.

The management has fixed up a first class ring on the stage and is arranging to handle a crowd Monday evening.

Business—Not Politics, Is Need In Commissioners' Office

When you go to vote Tuesday next don't let the Ward or Precinct Healer induce you to vote the straight ticket of any party unless you take time to mark an X opposite the name of John Boyce and Blake W. McCracken for County Commissioners. They are successful business men and Clearfield county certainly needs such men in the Commissioners office after the past four years of mismanagement, waste, neglect and mounting taxes.—Pol. Adv.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 percent common kerosene (coal oil).

The inventor, S. K. Johnson, 642 N. Broad St., Philadelphia, is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

MORRISDALE WOMAN DIES AT CLEARFIELD

Diphtheria, which developed after a lengthy period of failing health, caused the death of Miss Emma Morrisdale, at the Clearfield Sanitarium, Clearfield, about 10 o'clock, Wednesday morning. She had been a patient at the sanitarium for the past five weeks.

Miss Morrisdale was the daughter of William and Martha Washburn, of Clearfield, Pa., but for some time past she and a sister, Miss Martha, jointly made their home at Clearfield. She was well and favorably known both in Morrisdale and Clearfield. She was an active member of the Methodist church at Clearfield, and was in every way a good Christian, whose many good deeds have won for her the esteem and high regard of her home community.

The surviving brothers and sisters are Parker Washburn and Mrs. Sam. of Lewis, of Nant-Y-Ho, Mrs. Alton Nelson and Charles Washburn, of Clearfield; F. and Washburn, of Morrisdale; and George Washburn, of Port Clinton. A brother, Harry Washburn, is now in the service.

of Phillipsburg and a sister, Mrs. Caroline McCann, of Morrisdale, are deceased. She was a niece of the late Robert Lloyd of Phillipsburg. The funeral service will be held at the home of the deceased at Morrisdale. The day and hour have not yet been set.

CHRISTIAN CHURCH REVIVAL NOTES

The Raun Evangelistic party, who are now conducting a series of revival services at the Susquehanna College of Music, were greeted with an audience that almost taxed the capacity of the building at their first appearance in Clearfield last night. Besides a good local turnout, a delegation of more than one hundred people drove over from Phillipsburg, where the evangelists had been conducting services in the early part of the week.

Prof. R. Paul Arnold, who is the soloist and song leader of the party, is a large man with a large voice. He stands six feet four inches in height and possesses one of the finest baritone voices heard in these parts for a long time. He will sing each evening and conduct the music through-

out the campaign. Evangelist J. S. Raun held the close attention of his audience as he spoke on the subject "What Think Ye of Christ?" Tonight he will speak on the subject "Our Heavenly Home—Will We Know Each Other There?"

Tonight and tomorrow night two services will be held at the Susquehanna College of Music on Locust street. On Sunday night the service will be held at 7 Driggs Theatre and it is expected that the theatre will be packed to the doors for this special service. All services begin at 7:30 and the public is welcome.

CLEARFIELD CIRCUIT

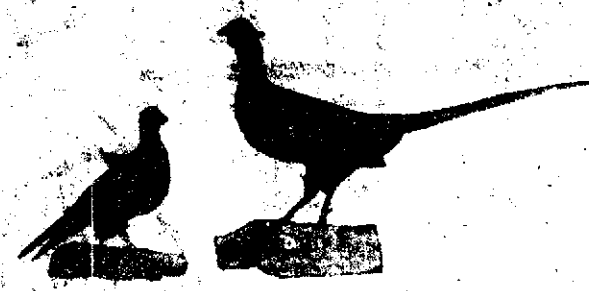

Bloomington 10:45 a. m. Revival services begin at Pleasant Grove Sunday evening at 7:30. The Rev. Mr. Kelly will preach in Center church at 7:30 p. m. A. C. Logan, Pastor.

Bring Us That First Bird To Mount As You Shot It Today

Everything was ideal for the first day of the season and you'll want to remember it with something else beside memories. If you got your bird, bring it here and let us mount it the way it looked as it scuttled through the underbrush, trying to get away from you. Or possibly you ran on to Mr. Bird when he was standing looking for you. You may enjoy this scene many many times in the future when you glance up at the bird we mount in a lifelike manner.

Our prices are right for the quality of work we do and you'll find that your trophies are mounted as true to nature as they were in life. Drop us a line for our catalog, camp rosters and big game tags.

"Gee-Whiz! How it Hurts!"

"Sometimes it is in my arm. Merciful Heaven, how my back hurts in the morning!" It's all due to an overabundance of that poison called uric acid. The kidneys are unable to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Dr. Pierce, which is "keep the kidneys in good order."

"Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking Anurio." This can be obtained at almost any drug store. Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbar, rheumatism or gout; or sleep is disturbed two or three times a night, take heed, before too late. Get Anurio (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial package.

MARGARINE NOT A "SUBSTITUTE" SAY MANUFACTURERS

Is a Fine, Modern Food

Margarine is made and sold in accordance with the best ideas of modern American food production and marketing. It reaches the consumer in a carton that is plainly stamped "oleomargarine," so that no consumer knows exactly what he is buying. In fact the high character of margarine as a pure, wholesome food is so pronounced that the producers are proud to be identified with their product.

Consumers of the sound ethical basis upon which the industry is operating, the margarine manufacturer naturally resents the constant allusion to his product as a "substitute," or an "equivalent." The use of the word "butterine" is to be deplored, as it gives the impression that margarine seeks to be sold in place of butter and similar product. The word "butterine" is as much to blame in this respect as anybody. Most of their definitions start, "Margarine is a substitute," and even some dictionaries follow suit.

Margarine today is a prepared spread, but is no more artificial than any other food that is prepared by sterilizing, heating, blending and chilling. The flavor of margarine pleases the taste of a great number of people. Its ingredients are the best grade of their kind, are of known purity and wholesomeness. Modern methods of production are responsible for its being possible to offer margarine to the consumer at a price that is most moderate. It is a consideration of value that has proved satisfactory to the taste of thousands of women, hence its wide sale. And it is marketed solely on its own merit.

The immense increase in the use of margarine is witness to its wide popularity and to its merit as a spread and as a shortening. Last year the demand for margarine amounted to 200,000,000 pounds, and of this large quantity, Jellie GOOD LUCK Margarine, the largest selling brand, and the finest spread for bread, represented a large share. Such a record made solely on the merit of the product, shows the advantage of doing business with branded merchandise, and is a crying refutation of any doctrine on the part of the margarine manufacturer to sell his product as a substitute.
